EXAMINER'S AMENDMENT

1. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the Issue Fee.

Authorization for this Examiner's Amendment was given in a telephone interview with Mr. Jason F. Lindh, Reg. No. 59,090 on May 29, 2007.

2. In the claims, on page 10, line 1, replace "26-73 (Canceled)." with "26-72 (Canceled)."
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance:

In interpreting the claims in light of applicant's arguments and the specification, the examiner finds the claims patentably distinct from the prior art of record. The applicant argues the application development tier is implemented on a client console located remotely from a cluster operations tier console and an application operations tier console, and the applications operations tier being implemented on the application operation management console located

remotely from the clients. Further, the prior art does not teach a fourth tier corresponding to an owner, wherein the owner operates in the fourth tier except when revoking the rights of the hardware operator or software operator. The examiner finds applicants arguments filed May 15, 2008 to be persuasive. See Remarks, ¶¶ 0015-0019 and 0027.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
